TARGET DISCRIMINATION

OBSERVE – ORIENT – DECIDE – ACT
Reacting to visual stimuli allows you to
apply DODA loops effectively. Don't take
anything for granted.

REALITY CHECK

SHIFT THE FOCUS

Remembering simple sequences of symbols or numbers will activate your mind, shifting your attention and surface errors.

ACTIVE ENVIRONMENT

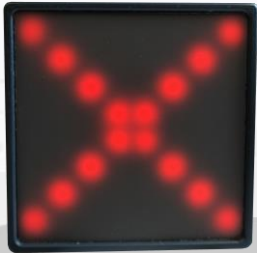

REACTING

The shooting range is the place where everything is still and taken for granted. A random stimulus generator can be a game changer.
